Custom code (HS code) and title:

Species (Scientific name)	Nature of commodity	Establishment	Batch number	Number of packages	Type of packages	Net weight (kg)
Species (Scientific name)	Breed/ Category	Identification of the donor	Identification of the straw	Collection date	Approval number of the centre/team	Quantity
Species (Scientific name)	Breed/ Category	Identification method	Identification number	Age	Sex	Quantity

COUNTRY

II.	**Health attestation**	II.a.	Certificate reference No	II.b.

Part II: Certification

The live animal(s) or animal product(s) herein described, complies/y with the relevant New Zealand standards and requirements that have been recognized as equivalent to the European Union standards and requirements as prescribed in the European Union-New Zealand Agreement on sanitary measures (Decision 97/132/EC).

(¹) III. **Additional attestations**

either

(¹) [III.1.   The live animal(s) or animal product(s) herein described complies/y with the relevant special conditions laid down in Chapter 28 of Section 5 of Annex V to Decision 97/132/EC: [*insert relevant attestation*].]

and/or

(¹) [III.2.   The live animal(s) or animal product(s) herein described complies/y with the relevant certification provisions laid down in Annex II to Commission Implementing Decision (EU) 2015/1901: [*insert relevant attestation*].]

and/or

(¹) [III.3.   The live animal(s) or animal product(s) herein described complies/y with the additional conditions laid down in Chapter 29.B. of Section 5 of Annex V to Decision 97/132/EC in the event of the occurrence of a specific disease: [*insert relevant attestation*].]

and/or

(²) [III.4.   The animal products are derived from animals that have been handled in the slaughterhouse before and at the time of slaughter or killing under conditions at least equivalent to the Union standards and requirements.]

and/or

(³) (⁴) [III.5.   The undersigned officer certifies this consignment on the basis of Eligibility Document(s) (ED) .... issued on ...., which were ascertained by him or her and were issued prior to the departure of the consignment.]

Notes

This health certificate is for veterinary purposes only.

Part I

Box I.6:   Complete only in case of transit through the Union.

Box I.8:   Region of origin: if applicable, otherwise must be crossed out: for animal species or for products affected by the regionalisation measures or by the setting up of approved zones in accordance with Union decisions. The names of the approved regions and the zones (production areas in case of frozen or processed bivalve molluscs) must be entered as published in the *Official Journal of the European Union.*

Box I.12:   Complete only in case of storage of products in transit: name and address (street, town and postal code) and the approval or registration number of the warehouse in a free zone, the customs warehouse or the ship supplier.

Box. I.14:   For live animals: enter the date and the time at which the animals are scheduled to depart in their means of transport (aeroplane, ship, railway or road vehicle).

For animal products: indicate the date of departure of the means of transport (aeroplane, ship, railway or road vehicle).

Box. I.18:   Complete only in case of animal products.

Box I.19:   Enter the 'Total gross weight (kg)' and 'Total net weight (kg)'.

Box I.22:   Enter the purpose of import of live animals or intended use for animal products (the available options will vary in accordance with the specific certificate in the Union import requirements).

Box I.21:   If applicable, enter the identification number of the container and the seal number.

Box I.23:   Complete only in case of transit through the Union.

COUNTRY

II.	**Health attestation**	II.a.	Certificate reference No	II.b.

Box I.24: Complete only in case of importation or temporary admission to the Union.

Box I.25: Use the appropriate Harmonised System (HS) code.

For animal products: Species, nature of commodity, approval number of establishments (e.g. abattoir, processing plant, cold store), batch number, number of packages, type of packages, net weight (the available options will vary in accordance with the specific certificate in the Union import requirements). Those products may, in accordance with the entry 'Re-exports of imported animal products' of Chapter 27 of Annex V to Decision 97/132/EC, come from establishments from third countries other than New Zealand.

For germinal products: Species, breed/category, identification number of the donor, identification number/code of the straw, collection date, approval number of the centre/team, quantity.

For live animals: species, breed/category, identification method, identification number, age, sex, quantity/net weight.

Titles and entries of the boxes may be aligned to the specific certificate in the Union import requirements.

Part II

(1) Only to be completed if special conditions apply. Otherwise delete.

(2) Only for animal products derived from animals covered by Regulation (EC) No 1099/2009. Otherwise delete.

(3) Only to be completed when the official health certificate is issued after the departure of the consignment. Specify reference to the appropriate Eligibility Document(s) (ED). Otherwise delete.

(4) Only to be completed when the health certificate has been issued after the departure of the consignment. Insert date. Otherwise delete.

(5) Delete as appropriate.
